

**CANNON FALLS SCHOOLS ISD#252  
COMMUNITY USE OF SCHOOL FACILITIES AND EQUIPMENT**

[Area Schools Comparisons](#)

**I. Philosophy**

The Cannon Falls School Board recognizes that school facilities/property represent a highly valuable asset for the development and enrichment of both school and civic life of the Cannon Falls community. Cooperation is pledged by the School Board in the promotion of activities, which appear to be in the best interest of the School District and community. It must be realized that there are costs involved in the use of facilities; and therefore, the following procedure is intended to deal with the use of expenses in a fair and consistent manner.

**II. Rules and Regulations**

1. Regular school activities and school organizations shall have first priority in the use of any school facility. In the event that a school function or a Community Education class or activity requires space previously committed to a user at a specific date and time, the Community Education Director is authorized to modify or cancel the user's permit.
2. The user agrees to assume all responsibility for damage and/or expenses in connection with the use of school facilities under this agreement. Users of the school facilities shall agree to indemnify and hold harmless the District for any and all damage by anyone attending the event, and likewise the School District against any and all liability including legal fees, and any and all damages to any anyone. Class II and III users utilizing the facilities must provide a Certificate of Liability Insurance listing the District as an additional insured, in the amount of \$1,000,000 per occurrence and \$1,000,000 aggregate prior to use. Any exemption to this rule will be recommended by the Community Education Director to the Superintendent of Schools.
3. The user representative designated on the permit will be responsible for the supervision of all participants and spectators.
  - a) All activities must have competent adult supervision
  - b) Custodians shall supervise the facility, but not the rental group or its activities
  - c) Facility users must arrange and pay for any special supervision required (i.e. police protection, parking supervision, etc.)
  - d) Children in attendance as spectators at events are to be properly supervised by adult members of the user group.
4. The user is expected to leave the facility at the ending time scheduled on their permit. If additional site supervision is required due to the user's late departure, the school district reserves the right to charge an additional fee.
5. The users are expected to return the area(s) being used to the condition in which it was found. If additional time is needed to clean up after scheduled use, the school district reserves the right to charge for these services.
6. School equipment may only be used on School District property and must be pre-approved at the time of application. Any additional fee may be charged for the use of the equipment, time required for setup and transfer of equipment between buildings.
7. The use of fireworks and pyrotechnic special effects is governed by Uniform Fire Code Article 78 and applies to all school district buildings and properties.
8. Decorations must be fireproof. Putting materials on any kind of floors, walls, or parts of the building requires permission.
9. Abuse of school facilities, failure to abide by the scheduled time, failure to pay billed fees within 30 days, or lack of courtesy to school personnel may be cause for denial or cancellation of future facility requests. Destroyed property or equipment must be replaced or repaired by the facility user. Do not unplug or tamper with any equipment.
10. Local/State ordinances and laws pertaining to the use of public buildings must be observed. School District buildings and grounds are smoke/tobacco free. Smoking and use of tobacco products is prohibited. Possession of intoxicants or drugs on school property, as well as gambling, is prohibited.
11. School District facilities are not available to groups for wedding receptions, private dances, etc.

12. Whenever a school kitchen is used, a food service employee must be present and paid by the user, according to the existing schedule.
13. Whenever a facility is used, and a custodian is not on regular duty, one shall be employed and be paid at user's expense, according to the existing schedule.
14. Complaints about a user will be reported to the Community Education Department, which will investigate and follow up as necessary. Violations of law will be reported to the proper authorities.
15. School District 252 is not responsible for loss of or damage to personal items.
16. In the event that one or more users are in a facility at the same time, each user will be responsible for the fees specified on their individual permits.
17. Unless otherwise arranged, scheduled use of school facilities is automatically canceled when schools are closed for severe weather and on school holidays. Other particular situations may warrant school closings. If in doubt, the user should call the Community Education office, 507-263-6800 ext. 9.
18. Groups using District facilities must be in compliance with the Americans with Disabilities Act.
19. No users will be allowed to drive on any district fields without prior written permission from the Superintendent. Vehicles are confined to streets and parking areas.
